ENG

We invite you to take part in the international scientific and practical conference **“Advancing pediatric care through innovation, prevention, and early intervention”** and young Scientist competition **“Young researchers in pediatrics: from science to clinical practice”**.

The conference will be held in a hybrid format (online, offline).

Time: **April 27-28, 2026**

Venue:

April 27: Republic of Kazakhstan, Almaty, Abylay Khan Avenue 53, Mercure Hotel City

Center

April 28: Republic of Kazakhstan, Almaty, Abylay Khan Avenue 51/53, KRMU, audience 700 and 706

The conference languages are Kazakh, Russian, English.

Conference opening:

April 27, 2026 at 9:00 a.m. in the Conference Hall:

Hall 1 “Khan Tengri”

Hall 2 “Kok-Zhailau”

APRIL 27-28 | 2026 | ALMATY

ORGANIZING COMMITTEE

Jainakbayev Nurlan Temirbekovich

Doctor of Medical Sciences, Professor, Rector of the NEI «Kazakh-Russian

Seidalin Arystan Oskarovich

Medical University» Doctor of Medical Sciences, Professor, Vice-Rector for Scientific and Clinical Work of the NEI «Kazakh-Russian Medical University»

Zhubanysheva Karlygash Birzhanovna

Doctor of Medical Sciences, Professor, Head of the Neonatology Course of Postgraduate Education of the NEI «Kazakh-Russian Medical University»

Kachurina Dilara Radikovna

Doctor of Medical Sciences, Professor of the Neonatology Course of the Postgraduate Education of the NEI «Kazakh-Russian Medical University»

Tanabergenov Ilan Aihuatovich

Head of the Department of International Cooperation and Academic Mobility of the NEI «Kazakh-Russian Medical University»

Vdovtsev Alexander Viktorovich

Vice-Rector for Digital Development of the NEI «Kazakh-Russian Medical University», Dean of General Medicine and Associated Faculties

MEMBERS OF THE ORGANIZING COMMITTEE

Kamalieva M.R. – MS, 3rd-year doctoral student in Public Health, NEI “Kazakh-Russian Medical University”

Nugmanova A.M. - Doctor of Medical Sciences, Head of the Department of Pediatrics with a course in childhood infectious diseases

Karimkhanova A.T. - PhD, Associate Professor of the Department of Pediatrics with a course in pediatric infectious diseases

SECRETARIAT

Assoc. Department of Pediatrics with a course in childhood infectious diseases:

Krykbaeva A.R., Esengali N.M., Zhumazhanova B.Zh.

INFORMATION FOR CONFERENCE DELEGATES

A certificate of participation will be sent to registered participants in electronic format within two weeks after the conclusion of the conference to the email address provided during registration.

Registration of conference participants: 8.00-9.00

Work of the medical exhibition

Conference hall: Hall 1 “Khan Tengri”; Hall 2 “Kok-Zhailau”

9.00-9.30 GRAND OPENING OF THE CONFERENCE

Section No. 1

«PEDIATRY OF THE FUTURE:
INNOVATIONS, TECHNOLOGIES, AND CLINICAL BREAKTHROUGHS»

Hall 1 “Khan Tengri”

Время	День 1	27 апреля 2026 года
9.00-9.10	<p>Welcome speech Jainakbayev Nurlan Temirbekovich, Doctor of Medical Sciences, Professor, Rector of the NEI «Kazakh-Russian Medical University»</p>	
9.10-9.30	<p>Welcoming remarks by conference guests Tedros Adhanom Ghebreyesus - Director-General of the World Health Organization Nadezhda Mikhailovna Petukhova, Chair of the Public Council of the Ministry of Health of the Republic of Kazakhstan Oдинаева Niso Dzhumaevna, professor, MD, chief pediatrician of the Moscow Region Ministry of Health, director of the Research Clinical Institute of Childhood of the Moscow Region Ministry of Health, head of the pediatrics department of the Moscow Regional Research Clinical Institute named after M.F. Vladimirsky Colleen A. Kraft, MD, MBA, FAAP, Clinical Professor of Pediatrics at the Keck School of Medicine/University of Southern California and attending physician at the Children’s Hospital Los Angeles Prodeus Andrey Petrovich, MD, Professor Chief Pediatric Allergist-Immunologist of the Ministry of Health of the Moscow Region; Scientific Supervisor of the Regional Center for Pediatric Allergy and Immunology, Research Clinical Institute of Childhood of the Ministry of Health of the Moscow Region; Chief Researcher of the Pediatric and Adolescent Research Department of the Federal State Budgetary Institution “National Medical Research Center for Phthisiopulmonology and Infectious Diseases” of the Ministry of Health of the Russian Federation (NMRC PhPI). Imangalieva Laila Tursynbekovna, Deputy Head of the Almaty City Health Department</p>	

PLENARY SESSION

April 27, 2026 Time: 9:30 - 12:30

**Moderators: Nugmanova A.M. (Kazakhstan), Odinaeva N.D. (Russia),
 Kachurina D.R. (Kazakhstan), Garifullina L. M. (Uzbekistan)**

9.30-9.40	International Academy of Pediatrics and Pediatric Surgery: Achievements and Development Prospects Kamalieva Madina Ruslanovna , Executive Director of the Academy, MS, 3rd-year doctoral student in Public Health, NEI "Kazakh-Russian Medical University"
9.40-9.55	Development of pediatric services in Almaty Imangalieva Laila Tursynbekovna , Deputy Head of the Almaty City Health Department
9.55-10.15	Artificial Intelligence in Pediatrics: Risks and Opportunities Almazov Andrey Alexandrovich , Director of Project Activities of the Association «National Base of Medical Knowledge», Deputy Director of the International Institute of Digital Transformation and Artificial Intelligence of the National University of Culture and Medicine of the Russian Federation
10.15-10.35	RSV under control: prevention of severe infections in high-risk children with the support of Astra Zeneca Zhubanysheva Karlygash Birzhanovna , Professor, Doctor of Medical Sciences, Head of the Neonatology course of postgraduate education, NEI "Kazakh-Russian Medical University", Kazakhstan
10.35-11.05 (онлайн)	The First 1000 Days of Microbiota Shirin Güven , Professor, Doctor of Medical Sciences, University Üsküdar Üniversitesi, Turkey, Head of the Department of Maternal and Child Health at the Ministry of Health of Turkey
11.05-11.25	Childhood Obesity: Between Global Trends and National Reality Garifullina Liliya Maratovna , Doctor of Medical Sciences, Professor, Head of the Department of Pediatrics, Faculty of Medicine, Samarkand State Medical University, Uzbekistan
11.25-11.45	What should children's nutrition be like? A review of current guidelines Odinaeva Niso Dzhumaevna , professor, MD, chief pediatrician of the Moscow Region Ministry of Health, director of the Research Clinical Institute of Childhood of the Moscow Region Ministry of Health, head of the pediatrics department of the Moscow Regional Research Clinical Institute named after M.F. Vladimirsky

ENG

11.45-12.05	Nephrology and Genetics: A Tribute to Modernity or a Necessity Dikanbaeva Saule Alkeevna , professor, MD, Department of Pediatrics, KRMU, Nugmanova Aigul Maratovna, MD, head of the Department of Pediatrics, NEI "Kazakh-Russian Medical University"
12.05-12.20	Etiopathogenetic necessity of vaccination in young children Idrisova Rausan Salimovna , professor, doctor of medical sciences, head of the course of pediatric infectious diseases at KRMU
12.20-12.30	Questions and discussion
12.30-13.00	Coffee break
Moderators: Dikanbaeva S.A. (Kazakhstan), Garifulina L.M. (Uzbekistan), Amatov D.A. (Kyrgyzstan), Seisenbaeva R.Zh. (Kazakhstan)	
13.00-13.30	Neuropsychological observation of premature infants Colleen A. Kraft, MD, MBA, FAAP , Clinical Professor of Pediatrics at the Keck School of Medicine/University of Southern California and attending physician at the Children's Hospital Los Angeles
13.30-13.45	Nature or Design: The Bioethical Limits of Human Embryo Genome Editing and the Natural-Artificial Dilemma for Pediatricians in Kazakhstan Anufriev Sergey Anatolyevich , Ph.D, founder and director of the St. Petersburg Medical Forum, deputy director of the International Institute of Digital Transformation and AI, NEI "Kazakh-Russian Medical University"
13.45-14.05	Fetal echocardiography as a tool for early detection of congenital heart defects: contribution to prevention and improvement of outcomes in children Amatov Daniyar Apazovich , assistant professor of the Department of Faculty Pediatrics of the I.K. Akhunbaev Kyrgyz State Medical Academy, chairman of the Kyrgyz Pediatric Cardiology Association, Kyrgyzstan
14.05-14.30	Probiotics and metabolic support in neonatology: clinical possibilities and evidence base Zhubanysheva Karlygash Birzhanovna , Professor, Doctor of Medical Sciences, Head of the Neonatology Course of Postgraduate Education at KRMU, Kazakhstan

14.30-14.45	<p>Monitoring and screening schoolchildren's health as a preventive tool Tursun Anna Olegovna, PhD candidate, chief specialist of the master's and doctoral department at KRMU Kamalieva Madina Ruslanovna, MS Public Health, PhD candidate Elzhanova Zulfiya Nurlanovna, PhD candidate Scientific supervisor: Doctor of Medical Sciences, Professor, Rector of the NEI «Kazakh-Russian Medical University» Jainakbayev Nurlan Temirbekovich</p>
14.45-15.05	<p>Acute bronchiolitis today: new approaches to diagnosis and therapy Seisebaeva Roza Zhakanovna, MD, Head of the Pediatric Department, KazNMU</p>
15.05-15.25 (online)	<p>Use of medications in children and safe nursing care Yan Lili, MD, Assistant Professor, Xianyang Institute of Technology, School of Medicine, China</p>
15.25-15.40	<p>Features of providing prosthetic and orthopedic care to children with disabilities Abu Jazar Osama Mukhamedovich, PhD, professor, Director of the Department of Prosthetic and Orthopedic Care of the National Scientific Center of the Russian Society of Surgeons and Health, Chief Prosthetist of the Ministry of Labor and Social Protection of the Republic of Kazakhstan</p>
15.40-15.55	<p>Implementation of UPMP: Prospects in Pediatric Practice Karimkhanova Akbota Toktagazynovna, PhD, Senior Lecturer, Department of Pediatrics, KRMU</p>
15.55-16.10	<p>Catamnesis of newborns as a tool for assessing the outcomes of the perinatal period Khairullina Nailya Raushekovna, senior lecturer of the neonatology course of postgraduate education at KRMU</p>
16.10-16.25	<p>Orthopedic treatment of benign bone lesions Duisenov Nurlan Bolatovich, MD, Professor, Head of the Department of Surgery, KRMU</p>
16.25-16.40	<p>Manifestation of severe forms of cytomegalovirus infection and Epstein-Barr virus in young children Kulik Natalya Vasilevna, M.D., lecturer of the course on pediatric infectious diseases at KRMU</p>
16.40	Questions and discussion

Section No. 2

«AUTISM SPECTRUM DISORDERS IN CHILDREN: MODERN APPROACHES TO
DIAGNOSIS AND REHABILITATION»

Hall 2 “Kok-Zhailau”

**Moderators: Colleen Kraft (USA), Brezhneva I.V.
(Kazakhstan), Prodeus A.P. (Russia)**

9.30-10.00	Examples from the practice of autism management Colleen A. Kraft , MD, MBA, FAAP, Clinical Professor of Pediatrics at the Keck School of Medicine/University of Southern California and attending physician at the Children's Hospital Los Angeles
10.00-10.30	Nutritional rehabilitation of children with cerebral palsy and autism Oдинаева Нисо Дзхумаевна , MD, Professor, Chief Pediatrician of the Moscow Region Ministry of Health, Director of the Childhood Research Clinical Institute of the Moscow Region Ministry of Health, Head of the Pediatrics Department of the Moscow Regional Research Clinical Institute named after M.F. Vladimirsky
10.30-10.50	Early manifestations of autism spectrum disorders Irina Vladimirovna Brezhneva , PhD, expert in early intervention with a transdisciplinary approach, National Center for Children's Rehabilitation
10.50-11.20	Autism and microbiota Kurshat Bora Charman , Professor, Doctor, Eskisehir Osmangazi University, Turkey
11.20-12.00	Autism Myths and Inflammatory Conditions Prodeus Andrey Petrovich , MD, Professor Chief Pediatric Allergist-Immunologist of the Ministry of Health of the Moscow Region; Scientific Supervisor of the Regional Center for Pediatric Allergology and Immunology, Research Clinical Institute of Childhood of the Ministry of Health of the Moscow Region; Chief Researcher of the Pediatric and Adolescent Research Department of the Federal State Budgetary Institution “National Medical Research Center for Phthisiopulmonology and Infectious Diseases” of the Ministry of Health of the Russian Federation (NMRC PhPI)

12.00-12.30	<p>Children's drawing and its informative value in assessing the clinical and psychological status of children who have suffered psychological trauma</p> <p>Mukhamadiev Davron Mansurovich, MD, Head of the Scientific and Organizational Department of the State Budgetary Healthcare Institution of the Moscow Region "Research Clinical Institute of Childhood of the Ministry of Health of the Moscow Region of the Russian Federation"</p>
12.30-13.00	Coffee break
<p>Moderators: Colleen Kraft (USA), Mukhamadiev D.M. (Russia), Sklyar S.V. (Kazakhstan)</p>	
13.00-13.25 online	<p>Theoretical and clinical studies of the treatment of childhood dislexia using Chinese Tuina massage</p> <p>Zhu Tian, PhD, Xianyang Institute of Technology, Faculty of Medicine, China</p>
13.25-13.55	<p>Autism Spectrum Disorders: From Diagnosis to Integrative Therapy</p> <p>Sklyar Sergey Vladimirovich, PhD, vice-president of the Eurasian Association of Psychotherapists, director of the Center for Psychotherapy, Russia</p>
13.55-14.25 (онлайн)	<p>A systemic model of early intervention for children with ASD</p> <p>Evgeniya Evgenievna Ermolaeva, Executive Director of the St. Petersburg Institute for Early Intervention, UNICEF international expert, and an expert on early intervention for children with ASD at the Ministry of Education of the Russian Federation</p>
14.25-14.55	<p>Variants of genetic mutations of the NF1 gene in children</p> <p>Idrisova Zhanat Rustemovna, Doctor of Medical Sciences, Professor of the Department of Nervous Diseases, KazNMU</p>
14.55-15.20	<p>The role of screening in early diagnosis of autism</p> <p>Aitghanova Raigul Klimovna, PhD, Institute of Neurology and Neurorehabilitation named after Smagul Kaishibaeva</p>
15.20-15.40	<p>ADOS 2 autism diagnostics, ways to solve the problem in the Republic of Kazakhstan at the present stage</p> <p>Veklenko Inna Sergeevna, chief psychologist-neuropsychologist of the «Erudite» center, Ukraine</p>
15.40-16.00	Questions and discussion

Section No. 3

«YOUNG RESEARCHERS IN PEDIATRICS:
FROM SCIENCE TO CLINICAL PRACTICE»

**Jury committee: Chairman: Nugmanova A. M. (Kazakhstan),
Odinaeva N.D. (Russia), Prodeus A.P. (Russia), Almazov A.A. (Russia),
Idrisova Zh. R. (Kazakhstan)**

12.40-12.47	A clinical case of juvenile idiopathic arthritis (polyarticular variant, HLA-B27-positive) with post-traumatic symphysisitis in an 11-year-old child Zhumasheva F.Sh., Kurbanova D.I. , 7-year intern, KRMU Scientific supervisor: Khituova L.K. , PhD, associate professor of the Department of Pediatrics, NEI «Kazakh-Russian Medical University»
12.47-12.54	Diagnosis and pathomorphological features of coronary artery stiffness in children with chronic kidney disease Nematullaev T.B. , 4th-year student, Faculty of Pediatrics, Samarkand State Medical University
12.54-13.01	Genetic diagnostics and targeted therapy with m-TOR inhibitors for tuberous sclerosis in children Gabivulla B., Arabova A. , 2nd year residents of the Department of Nervous Diseases of KazNMU Scientific Supervisor: Idrisova Zh.R., professor, Doctor of Medical Sciences, Department of Nervous Diseases, KazNMU
13.01-13.08	Innovative methods of treating infantile hemangiomas: from early detection to effective therapy Raiymbekova A.I. , intern of the specialty "General Pediatrician", Kyrgyz Medical Academy named after I.K. Akhunbaev, Scientific and Clinical Center «Bishkek Cardio»
13.08-13.15	NEC in newborns: between inflammation and necrosis Foziljon-zoda Maftuna , a second-year doctoral student at Samarkand State Medical University Supervisor: Professor L.M. Garifulina
13.15-13.22	Autism spectrum disorders with metabolic disorders in children Ushurova K., Abulkhairova A. , 2nd-year residents of the Department of Nervous Diseases of the Kazakh National Medical University named after S.D. Asfendiyarov Scientific supervisor: professor of the Department of Nervous Diseases of the Kazakh National Medical University named after S.D. Asfendiyarov, Idrisova Zh.R.

13.22-13.29	Leukoencephalitis in children: clinical observations Tair G., Nurakhmetova D., 2-year residents, Department of Nervous Diseases, Kazakh National Medical University named after S.D. Asfendiyarov
13.29-13.36	Dermatological masks of systemic connective tissue diseases Abdurakhmanova S., Daubek I., Umarova S., 7th year interns, KRMU Scientific supervisor: Khituova L.K., PhD, Associate Professor of the Department of Pediatrics, NEI «Kazakh-Russian Medical University»
13.36-13.43	Menkes disease. A clinical case. Aidarbekova G.A., Nurmakhash D.R., 6th year interns Scientific supervisor: Utemisov E.U., senior lecturer of the Department of Pediatrics, NEI «Kazakh-Russian Medical University»
13.43-14.00	Meconium Ileus in a newborn as the onset of cystic fibrosis in a family at high genetic risk Zakirova R.M., resident of the specialty «Neonatology», postgraduate neonatology course at NEI «Kazakh-Russian Medical University»
14.00-14.07	A clinical case of supraventricular tachycardia in a newborn Lisogor S.A., resident neonatologist, postgraduate neonatology course at NEI «Kazakh-Russian Medical University»
14.07-14.14	Early childhood illness - factors affecting mental development Kalimulla Balasa Erdosqyzy, 7th-year intern majoring in Pediatrics Supervisor: Seisebaeva R.Zh., MD, Head of the Outpatient Pediatrics Department, Kazakh National Medical University named after S.D. Asfendiyarov
14.14-14.21	Features of physical development and somatic condition of children under 5 years of age (using Almaty as an example) Tulegenova D., Ybyrayim A., Interns specializing in pediatrics, 7th year, School of Pediatrics, KazNMU named after S.D. Asfendiyarov Scientific supervisor: Nurgalieva Zh.Zh. - Candidate of Medical Sciences, Professor of the Department of Outpatient Pediatrics, KazNMU named after S.D. Asfendiyarov
14.21-14.28	Wegener's granulomatosis: a clinical case study and the use of rituximab for immunosuppression Kelgenbay E.D., 2-year resident, NEI «Kazakh-Russian Medical University»

ENG

14.28-14.35	<p>Clinical and epidemiological indicators of herpesvirus infections in children according to the DGKIB data for the period 2018-2024</p> <p>Mirpulatova Sh.F., first-year infectious disease resident, pediatric infectious diseases course, NEI «Kazakh-Russian Medical University»</p> <p>Supervisor: Idrisova R.S., MD, Professor, Head of the Course on Pediatric Infectious Diseases at NEI «Kazakh-Russian Medical University»</p>
14.35-14.42	<p>Structure of congenital malformations of the gastrointestinal tract in children with surgical pathology</p> <p>Zhobalai S., 7th-year intern, KRMU Scientific supervisor: Karimkhanova A.T - candidate of medical sciences , senior lecturer of the Department of Pediatrics with the course, NEI «Kazakh-Russian Medical University»</p>
14.42-14.49	<p>Features of the frequency of injuries in children and adolescents</p> <p>Alzhapparov D., 7th-year intern, KRMU</p> <p>Supervisor: Karimkhanova A.T., senior lecturer, Department of Pediatrics, NEI «Kazakh-Russian Medical University»</p>
14.49-15.16	<p>Severe chickenpox in a child, bullous form: a clinical case</p> <p>Nursalbek A.G., 5th year student of Department of Children's Infectious Diseases, Department of Pediatrics, NEI «Kazakh-Russian Medical University»</p> <p>Supervisor: N.V. Kulik, Master of Medicine, teacher of the course on pediatric infectious diseases at NEI «Kazakh-Russian Medical University»</p>
15.16-15.23	<p>A case of anomalous origin of the pulmonary artery in a child (Hemitruncus syndrome)</p> <p>Gasanova A., 6th year intern</p> <p>Scientific supervisor: Karimkhanova A.T., senior lecturer of the Department of Pediatrics, NEI «Kazakh-Russian Medical University»</p>
15.23-15.30	Questions and discussion
16.00	16.00. Announcement of the results of the competition for young scientists, adoption of the resolution, conference closure.

DAY 2 OF THE CONFERENCE

April 28, 2026

Address: Almaty, Abylai Khan 51/53,
 KRMU auditorium 706 | 10:00-14:00

MASTER CLASS

«AUTISM SPECTRUM DISORDERS IN CHILDREN: MODERN APPROACHES TO DIAGNOSIS AND REHABILITATION»

Speaker: Colleen A. Kraft, MD, MBA, FAAP, Clinical Professor of Pediatrics at the Keck School of Medicine/University of Southern California and attending physician at the Children’s Hospital Los Angeles

1	Neuropsychological approach: “Methods of correction of undesirable behavior”.
2	Skills training: “ABA therapy: basics for parents”, “Characteristics of teaching children with ASD”.
3	Socialization and adaptation: “Adaptation of a schoolchild with autism”, “Tutor support”.
4	Behavior correction methods: “Techniques for reducing behavioral problems,” “Methods of positive reinforcement,” “Development of perseverance and attention.”

ENG

DAY 2 OF THE CONFERENCE

April 28, 2026

Address: Almaty, Abylai Khan 51/53,

KRMU audience 700 | 10:00-14:00

MASTER CLASS

«ARTIFICIAL INTELLIGENCE IN HEALTHCARE:
OPPORTUNITIES, RISKS AND PRACTICAL APPLICATION»

Pre-registration is required!

Registration link: – <https://medart.club/conference/>

Speakers:

Andrey Aleksandrovich Almazov – Director for Project Activities at the Association “National Medical Knowledge Base”; Deputy Director of the International Institute of Digital Transformation and Artificial Intelligence, Kazakhstan-Russian Medical University.

Sergey Anatolyevich Anufriev – Candidate of Medical Sciences, Director of the “St. Petersburg Medical Forum”; Deputy Director of the International Institute of Digital Transformation and Artificial Intelligence, Kazakhstan-Russian Medical University.

1.	Basic principles and regulations of AI in medicine.
2.	AI in clinical practice and personalized medicine.
3.	Practical work with AI tools for medical professionals.
4.	Implementation of AI in healthcare organization and management.
5.	Risks, Limitations, and the Future of AI in Healthcare.
